

I. Freelance and Team Photographers and Videographers (including spectators):

For safety and insurance reasons, only those meeting the criteria of sections II below will be eligible for media credentials. If you are not covered by sections II you are free to photograph or video the event from any unrestricted location for your own personal use. For example, your personal web site, Facebook, and YouTube are all considered personal uses of your photos or video.

In addition, you are free to give or sell your work to any publication or to teams for their promotional purposes. Any other use requires the written permission of Seed 9 rally. If you are unsure, feel free to e-mail denandpat@aol.com.

II. Accredited Media:

Accredited Media is defined as persons holding a letter of assignment issued by a recognized media source.

III. Event Approved Photographers or videographers:

Also recognized by Seed 9 Rally are previous photographers or videographers or appointed. The rules are different for writers than photographers and videographers.

1. Seed 9 Rally will issue a Photo/Video vest, a media card and a wristband to approved photographers and videographers:

- a. It is understood that accredited or event recognized photographers and videographers work is for the exclusive use of the media source which issued their letter of assignment. Any other use requires the written permission of Seed 9 Rally.
- b. The issued vest numbers will be provided to the Chief of Controls. Anyone without the correct Photo/Video vest, card and wristband will have their credentials immediately revoked.
- c. Photographers and videographers are free to work on any part of the course in a safe manner. However, failure to follow the directions of all event officials at all times will result in immediate revocation of credentials.
- d. Photographers and videographers must demonstrate a satisfactory understanding of rally operations to receive credentials.
- e. Photographers and videographers must be in place before "00" car enters the stage and remain in place until after "Green Light" car passes their location. Any movement inside this window can result in injury or death and will, therefore, result in immediate revocation of credentials.

2. Seed 9 Rally will issue a media card and a wristband to writers.

- a. Writers will have access to areas normally closed to the general public, such as event organizer meetings, award ceremonies and press conferences. They will not have the same unlimited access to the stages as photographers and videographers.
- b. If deemed necessary, Seed 9 Rally will issue a vest allowing full access at super special stages with the following conditions:
 - i. Adhere to media safety and adherence to media rules.
